Grover Cleveland, former President of the United States, died suddenly at his home, "Westland," at Princeton, N. J., at 8:40 o'clock Wednesday morning. Death was due to heart failure, complicated with other diseases. The passing away of Mr. Cleveland was not immediately announced, but was delayed until an official statement had been prepared by the physicians who had attended him in the various periods of his illness. Mr. Cleveland was 71 years old on March 18 last. During the past winter Mr. Cleveland kept close to his home in Princeton until the approach of his birthday, when he went to Lakewood with his family. He was a trustee of the Equitable Life Assurance Society of New York City, and up to the time of his going to Lakewood had attended to correspondence in connection with his duties for that society. The funeral will be held today, at "Westland," and will be strictly private.

Lincoln, Neb., June 24.—The following tribute to former President Grover Cleveland was written this evening by W. J. Bryan:
"The death of ex-President Grover Cleveland brings to a sudden

end the phenomenal career of one of the strongest characters known to the political world during the present generation. Like every commanding figure, he had zealous supporters and earnest opponents, but those who differed from him were as ready as his warmest friends to concede to him the possession of elements of leadership to an extraordinary degree. He was deliberate in action, firm in conviction, and ever ready to accept responsibility for what he did. Few men have exerted a more positive influence on those associated with them. We are not far enough from the period in which his work was done to measure accurately his place in history, but the qualities which made him great are a part of the Nation's heritage, and universal sorrow is felt at his death.

Frankfort, Ky., June 15.—From a Kentuckian who was in Frankfort today but lived in Guatemala for several years, where he held a position with the Consular Service, it was learned that John Powers, who was indicted for complicity in the murder of William Goebel, was living in Guatemala under an assumed name. The Kentuckian returned only a short time ago. He says that two years ago a man good looking and tall came to that country and gave the name of Payne, or something like that. He was recognized as John Powers. Powers was living there two years ago and was doing well; having a good position. The man who was here today and gave the information concerning Powers said it was some time since he had seen Powers in Guatemala and he does not know that Powers is still there, but presumes he is, as nothing has been heard from him for some time.

POLITICS AND POLITICIANS

Urey Woodson, secretary of the Democratic National Committee, left Owensboro Sunday for Denver to open headquarters.

Secretary Taft is to go to New Haven Monday, and has planned to remain there three days at the Yale commencement exercises.

The Democrats indicate an early campaign by the announcement that the Democratic Congressional Committee will issue its first campaign book July 1.

Proceeding under instructions from Acting Gov. Cox, Adj. Gen. Johnson has issued an order calling in one-third of the State Guard now on duty in the night rider district.

James S. Sherman, the Republican vice presidential nominee, will return to his home city, Utica, N. Y. on Monday. His fellow-citizens have promised him a warm welcome.

Washington reports say that former Gov. Douglass, of Massachusetts, will accept the nomination for Vice President. He is considered one of the strongest men in the Democratic party in the East.

Mr. Bryan gave out a statement Saturday in which he discussed the antijunction plank in the Republican platform, calling it a transparent fraud and pointing out that it really follows almost exactly the language of the present statute.

Georgia Democrats will send an uninstructed delegation to Denver. The State Convention voted down by a big majority a resolution endorsing Thomas E. Watson for vice president. The platform declares against any amendment of the prohibition laws.

Political features scheduled for the week are Democratic State Conventions in Georgia, North Carolina, Iowa and Vermont. The Georgians met in Atlanta on Tuesday, the North Carolinians in Charlotte the next day, the Iowans in Sioux City on Thursday and the Vermonters in Burlington today.

The Democrats are to name the standard-bearers of their party during the week beginning July 6, hence the subcommittee, which has the arrangements in charge, met in Denver this week. Its members expect to remain on the ground until the convention concludes its work. The new Auditorium, where the convention will meet, was completed early this week, it is expected, and it will be turned over to workmen who will install the convention decorations.

NEWS OF KENTUCKY

Tersley Told Information Concerning Matters of Current Interest to Kentuckians.

THE STATE NEWS IN A NUTSHELL.

More Are Found Accurately Detailed the Happenings of the Largest Import Which Are Attracting Attention Throughout Kentucky.

Lexington, Ky., June 24.—Chairman J. P. Chinn has issued a call for a meeting of the state racing commission, to be held in this city, for the purpose to take action on the announcement of the Latonia Jockey club which intends to permit bookmaking at its track. It is authoritatively stated that four, and possibly the fifth member of the commission are opposed to betting in this state under any method other than the Pari-mutuels, and auction pools as authorized by the Kentucky general assembly. It is probable that a rule will be passed prohibiting any track licensed by the commission to allow bookmaking under a penalty of losing the license.

MOTHER WALKS 150 MILES
Tramps Over Mountains to See Sons in Reform School.

Lexington, Ky., June 24.—Mrs. Mattie Westmullane, fifty-five years old, has arrived here, having walked 150 miles from her home in Wayne county to see her two sons, who are in the state reform school here. Mrs. Westmullane was accompanied by her nephew and was three weeks making the journey across the mountainous country between this city and her home. She had not seen or heard of the Delaware whipping-post and to the reform school about two years ago. One of the boys will be released in about a month, when he will become twenty-one years old, and Mrs. Westmullane will seek employment here until he comes out.

KEENE WILL SHIP TO ENGLAND
New York Turfman Will Try to Find Market for Yearlings.

Lexington, Ky., June 24.—James R. Keene has made up his mind to send the best of his yearlings to England. He wired his manager, Major Foxhall Daingerfield, from New York to make a selection of the twenty that are in his judgment the best of a crop at Castleton stud and have them in New York not later than Friday afternoon. Major Daingerfield arranged to have a car in readiness for loading Thursday morning at daylight, and he hurried out to Castleton to begin the task of inspecting and selecting. It is the understanding here that the yearlings are to go on board sailing from New York Saturday. Several other breeders here will likely also ship to England.

Will Turn Attention to Breeding Cattle at Elmendorf Farm.

Lexington, Ky., June 24.—James B. Haggin has announced his intention of selling all his horses at his Elmendorf farm here and turning his attention to breeding of fine cattle, a nucleus of the plant having already been started. His decision was caused by the passage of the anti-betting law in New York, which Haggin says ruins prices of horses.

Haggin has at his farm here 600 stallions and mares worth \$1,000,000. Watercross being his greatest horse, he having paid \$70,000 for him two years ago. He has several mares worth from \$10,000 to \$15,000. Pearl V. is worth \$20,000.

The cases affirmed are the Eastern Kentucky Coal Land corporation and G. R. Gill against the commonwealth. The case of J. C. Troyman was reversed for new trial.

Lexington, Ky., June 24.—At Maysville Federal Judge Cochran sustained the motion of the Louisville & Nashville railroad to make permanent the temporary injunction restraining state railroad commission from establishing maximum rates to be charged by the railroads in Kentucky. The case was argued all day by C. C. McChord, of Louisville, and Senator Thomas H. Paynter, for the railroad commission, and Alexander P. Humphrey, Ed. Traub and H. Stone, Louisville, for the railroads.

A statement was given out at the Governor's office that a report recently received from one of the most conservative officers in charge of the State troops says: "I am of the opinion that the withdrawal of troops would be the signal for an uprising greater than ever before. The trials in the courts have thus far proved so futile that men are emboldened to any degree of violence and are only restrained by fear of the troops. I am advised that while they are not riding about the country as before the advent of the troops, the night riders are still taking in new members and organizing new ledges. This I believe, will continue as long as the source of the trouble and the beneficiaries thereof remain untouched.

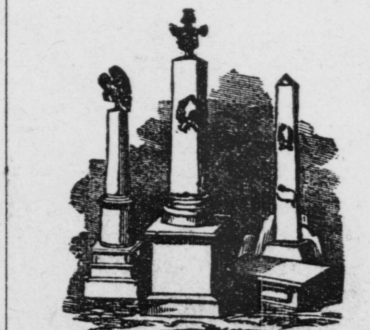

"I am doing everything possible to restore confidence in the people in their ability to defend themselves against this lowest form of cowardice and when the new troops become conversant with their duties, hope to begin systematic organization of right thinking forces that will effectively overcome this wave of evil in time. "It is distressing indeed to see the throngs of young men that a comparatively few designing men are so easily leading to destruction. This was especially impressed upon me in a court-room the other day."

The Rev. R. H. Crossfield, of Owensboro, has been offered the presidency of Transylvania University at Lexington and has conditionally accepted.

On the 29th. day of April 1893 J. J. Bullock and his two sons, W. C. and R. H. Bullock cut on the back of a tortoise, the name of W. C. Bullock and that date, and turned it loose. They thought no more about it, until the 10th. day of June 1908, more than fifteen years from that time, R. H. Bullock found the same tortoise, no more than 200 yards from where it was left. The name and date on back was perfectly plain.

A financial statement of the town will appear in next issue.

VANWINKLE BOULEVARD:—It came as quite a surprise to a very large majority of our people, when the news was heralded over town last Monday morning, that Mr. John W. Vanwinkle, of Berea, and Mrs. Lou Boulware had been united in the holy bonds of matrimony on the night before. Rev. Masters, of the Christian church, officiated. Mr. Vanwinkle, who for many has been a leading educator, is a gentleman of rare attainments and character, but with all that he may justly feel that he has won a great victory, in being able to claim as his life companion and helpmeet, one so noble in mind and pure in heart, as she who is now Mrs. Vanwinkle.

CIRCUIT COTRT.

The June term of the Rockcastle Circuit Court convened Monday, with Judge M. L. Jarvis on the bench, and Commonwealth's Attorney B. J. Bethurum at his post of duty.

The following gentlemen were selected as jurors:

GRAND JURY.

George Deathridge, Taylor Clark, Jonas Brown, Richard Barnett, Jotham Brown, Julian Bordes, M. G. McKinney, J. M. Lear, J. W. Baker, J. C. Bullen, J. D. Pennington, A. J. Sams, foreman.

PETIT JURY.

Joe Wilson John Hibbard, W. M. Barron, C. C. Cromer, Jason Robinson. John Grider, R. J. Abney, J. L. Rash, Chas. Mullins, Thos. Philbeck, Ed Fletcher, Frank Adams, Cam Mullins, Ransom Brown, M. C. Owens, P. Q. Griffin, W. A. Bloomer, Frank Cottongim, I. H. Coffey, Isaac Herion, Gran Cummins, Henry Parkerson, Alfred Bryant and John Mullins

The following cases have been tried or otherwise disposed of:

James Dyer, false swearing, case dismissed; R. P. Norton for attempting to rescue a prisoner from an officer, case dismissed; Mat Fourie for selling intoxicating drinks, dismissed; George Hall for concealed weapons \$25 and cost; Op. Whitaker, Thomas Ball, Eli Ping and Bud Mize, George Arnold and Caleb Mullins, \$20 and cost for gaming; George Mullins \$25 and cost for a pistol. Jeff Dowell for malicious shooting and wounding, case dismissed.

The case against Per Rigby for the killing of Greely Lear was called Tuesday and the same went to the jury Wednesday. There were two speeches. Atty. C. C. Williams for the defense and Commonwealth's Attorney. B. J. Bethurum for the prosecution. The following gentlemen sat as jurors in the case:

Frank, Adams, Thomas Philbeck, Gran Cummins, Jason Robinson, John Hibbard, M. C. Owens, Frank Mullins, E. J. Williams, S. K. Kelly, Alfred Bryant, Ransom Brown and O. E. Gipson.

After being out about six hours, the jury returned a verdict of guilty fixing Rigby's punishment at confinement in the penitentiary for a period of two years. The verdict came as quite a surprise to the large majority of those who heard the trial, as the evidence showed that Lear fired the first shot and every point in the testimony was made in Rigby's favor. A new trial will be asked for.

The case of Jud Hatcher for shooting and wounding Charley Thompson at Friendship church last January was called Wednesday and went to the jury yesterday at 1 o'clock.

Hatcher was fined \$75 and cost for shooting Thompson and 25 and cost for concealed weapons. J. A. Bullock acquitted on charge of conducting a gambling house. The case against R. P. Pike for killing of Joe Mize will be called this afternoon, both sides having announced ready.

BALL GAME:—About the best game of ball ever played on Mt. Vernon's grounds, was witnessed here Tuesday morning between the Mt. Vernon and Livingston nines. The Score stood 8 to 5 in favor of Livingston, and while Livingston carried off the honors, yet the Mt. Vernon boys may well feel proud of the splendid work. The Mt. Vernon boys say they would rather lose in an 8 to 5 game than to win in 31 to 2 seven inning game. Another game will be arranged with Livingston as soon as practicable.

We call the attention of our readers to the announcements which appear in the proper place in this issue. One of W. H. Baker, the Langford merchant, as a candidate for Assessor and the other two, Cam Mullins and W. A. Taylor, each for the same office, that of Jailer. Neither of the men above mentioned need any recommendation from us and those affiliated with the Republican party, at whose hands they expect recognition, know better than we, the standing and service rendered the party by each. We know them to be reputable citizens and men worthy of every consideration as individuals.

The Rockcastle County Teacher's Institute will be held at Brodhead, beginning Monday Sept. 14, 1908. I have changed the date for reasons better known to myself, but which are all good. Secretary Taft has written an article for Collier's Weekly on his conception of the presidency. Lincoln and Roosevelt are his ideas.

Nature has provided the stomach with certain natural fluids known as the digestive juices, and it is through these juices that the food we eat is acted upon in such a way as to produce the rich, red blood that flows through the veins of our body and thereby makes us strong, healthy and robust, and it is the weakening of these digestive juices that destroys health. It is our own fault if we destroy our own health, and yet it is so easy for any one to put the stomach out of order. When you need to take something take it promptly, but take something you know is reliable—something like Kodol for dyspepsia and indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by Chas. C. Davis.

FOLEY'S HONEY AND TAR
Cures Colds Prevents Pneumonia

What to do in Dyspepsia

Dieting has become a great fad in America, and just as, years ago, we, as a nation, over-ate, so now we are under-eating. The one is as bad as the other. Man needs food and plenty of it to sustain life and to give strength to compete in this busy world.

It is not, however, the fact that you may eat too much that hurts you, but that you don't digest what you eat. And if that results in dyspepsia you will not cure the trouble by cutting down your food supply. If your digestive organs were creating the proper amount of gastric and pepsin juices you would have no dyspepsia. To cure the disease you must create an abundance of these necessary juices.

This can only be done by a reliable tonic laxative, and, as its name indicates, Dr. Caldwell's Syrup Pepsin contains the very ingredients needed to do this. Take regularly for awhile according to the explicit directions on each bottle and you will soon be cured of dyspepsia and any of the accompanying symptoms such as heartburn, sour stomach, bloated stomach, hives, pimples, salivary congestion, wind on the stomach, etc. Every bottle carries with it an absolute guarantee to do what we claim. It is a gentle, pleasant, effective laxative and you will like its taste and be pleased with its action.

One of the great friends of this remedy is Harry F. Keator, a lieutenant in one of the Chicago companies that fought at the battle of San Juan. While in the war trenches, and eating the rough food of a soldier, he contracted severe dyspepsia in the loss of weight. A friend in the regiment called his attention to Dr. Caldwell's Syrup Pepsin, which he promptly began to use. It not only cured his dyspepsia but increased his weight 45 pounds.

Your druggist will show you a bottle at 50 cents or \$1 and you will find it worth a hundred times that to you.

FREE TEST
Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. CORKS CAUSE EXPLOSION

Cause of Accident on Hamburg-American Ship Arcadia.

Philadelphia, Pa., June 24.—The investigation into the cause of the explosion on board the Hamburg-American line steamer Arcadia at its pier in the Delaware river seems to develop the fact beyond reasonable doubt that the damage was caused by the explosion of a lot of "knall" corks, consigned in bond to the revenue agent at Chicago.

There were sixteen cases of these corks in hold No. 4, where the explosion occurred. There were nearly 1,000,000 corks in the consignment and but three cases had been removed when the accident occurred.

The knall corks are an ordinary cork about three-quarters of an inch in diameter and one inch long. A hole about three-eighths of an inch in diameter is bored in the small end of the cork and this is filled with a brown powder which, the authorities say, is a powerful explosive. It was the discharge from these corks, it is held, that made the indentures in the steel bulkhead and gave the impression that scrap metal and bullets from a bomb caused the marks.

UNDER NASTY CHARGE

St. Louis Liquor Salesman Accused of Circulating Obscene Literature.

Chattanooga, Tenn., June 24.—The Hamilton county grand jury has returned a presentment against Lee Levy of St. Louis, dealer in gin, charging him with circulating obscene literature. A traveling salesman named Greenwald, living in Memphis, who has sold the Levy gin in this city, was also made the subject of a presentment carrying the same charge.

At the same sitting the grand jury found formal charges against five local liquor dealers. They are charged with exhibiting obscene pictures in their places of business.

Levy, the St. Louis man, will hardly be extradited unless it appears that Governor Folk is anxious that he be brought to a trial on this charge and therefore willing to issue his warrant for the arrest.

BIGGEST IN THE WORLD

Cement and Coal Plant in Mobile to Have This Distinction.

Chattanooga, Tenn., June 24.—Details for the organization of the largest cement and coal plant in the world and the only one which will be on tide water, have been completed in this city between the directors of the Mobile Portland Cement company and Wm. J. Oliver, the railroad contractor.

It was incorporated last week in Portland, Me., with a capital stock of \$5,000,000 common and \$3,000,000 preferred stock. The formal organization and election of stockholders will occur at Mobile. Among the directors are United States Treasurer C. H. Treant, E. L. Russell, vice-president of the Mobile & Ohio railroad; Pat. J. Lyon, Mobile's millionaire mayor; W. W. Finley, president of the Southern railroad, and many others.

Commission's Exclusive Power.
Guthrie, Okla., June 24.—A decision handed down by Justice Kane of the state supreme court affirms the exclusive power of the corporation commission to fix railroad rates within the state, subject to appeal from their action to the supreme court. The case in question was an appeal by the Rock Island railroad from an injunction preventing it from enforcing an increased rate on grain between certain points. The restraining order was granted by a territorial district court.

Will Use Oil for Fuel.
Washington, June 24.—Oil burning boilers are to be installed on the ten torpedo boat destroyers authorized by the last naval appropriation bill. These will be the first test of fuel burning boilers in the American navy. The vessels will be equipped with facilities for using coal as fuel in the event the oil boilers are not a success. These destroyers are to cost exclusive of armament \$800,000 each.

Killed by Lightning in Church.
Greenville, S. C., June 24.—During the progress of a Sunday-school convention at Sandy Springs church, a bolt of lightning passed through the roof of the church and instantly killed Mr. and Mrs. Wilton Lenderman, at the same time knocking their year-old baby from Mr. Lenderman's arms. The child was picked up unhurt.

His Love Was Unrequited.
Dubuque, Ia., June 24.—Mrs. Olloway was shot and killed today by Harry Crawford, a wealthy retired farmer near Decorah, Ia. He then killed himself with the same weapon. It is said that Crawford was in love with Mrs. Olloway, but that she did not return his affection.

Recount Nearing An End.
New York, June 24.—The recount of the mayoralty election of 1905 nears its close and it is expected that by Thursday all the contents of the ballot boxes will have been examined. There have been 1,460 boxes reopened so far, showing a gain for Hearst of 588 votes.

Remarkable Story

The story of Mrs. Matilda Warwick, of Kokomo, Ind., as told below, proves the curative properties of that well-known female remedy, Wine of Cardui. Mrs. Warwick says:

TAKE CARDUI
It Will Help You

"I suffered from pains in my head, shoulders, limbs, side, stomach low down, dizziness, chills, nervousness, fainting spells and other female troubles. I was almost dead. Three doctors did not help me. At last, I took Cardui, and with the first bottle obtained relief. Now I am cured. But for Cardui, I would have been dead." Try Cardui.
